NACDB Members to Host Workshop for Church Leaders

ARLINGTON, Texas – (June 15, 2009) –National Association of Church Design Builders (NACDB) member Merit Construction Northwest and associate member BCRA will host a workshop for church leaders on June 16, 2009 at Hope Lutheran Church in Seattle, Washington.

During this half-day workshop, church leaders will learn how to create successful capital campaigns, start renovation projects, and manage new construction in today's economic environment. The workshop will be split into five seminars and an exhibitor showcase. Registration is \$45 per person.

Presentations include:

- 1) Strategic Planning: What's That?
- 2) Small Projects, BIG Results
- 3) Leveraging Down Time to Find Construction Value
- 4) Where's the Beef? Financing a Church Project
- 5) Culture of Generosity: Capital Campaigns

For additional information and details about the workshop, Merit Construction Northwest or BCRA, visit www.nwchurchworkshop.com.

The NACDB is an organization that serves as a resource for the planning, design, construction and furnishing of churches and church-related facilities.

All members and associate members of the NACDB are among a select group of church designers, construction experts, service suppliers, and material suppliers who contribute their knowledge and learn from to better serve their clients. Members align with the NACDB so that they can offer clients the most innovative options in church construction.

For more information about the NACDB, visit www.nacdb.com or call (866) 416-2232.
