National Association of Church Design Builders Announces New Members

ARLINGTON, Texas – (July 13, 2009) – The National Association of Church Design Builders (NACDB), an organization that serves as a resource for the planning, design, construction and furnishing of churches and church-related facilities, has recently added four new Design/Builder members and four Associate members.

Design/Build Member

JL Wallace, Fort Myers, FL

www.jlwallaceinc.com

J.L. Wallace, Inc. is a full-service general contractor/construction manager offering design-build services to churches and religious facilities. Their commitment to providing outstanding value for every dollar invested ensures that the finished structure will meet or exceed the expectations of the congregation.

Lewis Contractors, Owings Mills, MD

www.hhlewis.com

Lewis was founded in 1966. By focusing on churches, private schools, colleges and medical care facilities, they have developed a vast knowledge of building issues, a proven ability to stage and phase construction in and around occupied buildings, and a patience for working with committees.

Merit Construction Northwest, Lakewood, WA

www.meritnw.com

Merit Construction Northwest is a full-service general contractor/construction manager with extensive networks in the design and engineering community. Merit works under the design/build concept, and well-known for its ability to bring projects on time and within budget.

Tom Wessel Construction Corp, Sarasota, FL

www.tomwesselconstruction.com

Tom Wessel Construction is a general contractor who partners with architects and engineers to complete design/build projects. Their attention to detail, timely completion of projects, client care and sense of community brings satisfaction to their customers.

Associate Members

Thermacote Systems, Crossroads, TX

www.thermacotesystems.com

Thermacote Systems is a premier Spray Polyurethane Foam (SPF) applications contractor specializing in commercial and residential insulation, SPF roofing and polyurea industrial coatings. Thermacote Systems was established in 1995 and offers proven performance by professional staff with the expertise and capability to manage small and large scale projects. With over a decade of experience in the SPF industry, Thermacote Systems has established itself as an industry leader, serving Texas and surrounding states.

Associate Members Continued

Nudura Corporation, Barrie, On. Canada

www.nudura.com

Nudura provides design professionals, architects, homeowners and contractors a more efficient way to build homes and commercial structures. They provide the latest options in Green building technology and energy efficiency, speed of construction, sound resistance and strength.

The Armstrong Group (TAG), Fairfax, VA

www.tagconsulting.org

The Armstrong Group provides consulting services to all types of facilities, including churches and religious facilities. From intensive onsite consultations to long-term coaching, they help clients discover and implement ideas that help make their organizations more productive and effective.

McCoy Floor Coverings, Houston, TX

www.mccoyinc.com

McCoy Floor Coverings offers a broad range of services and products that encompass the key elements of a workplace, like furniture, interior architecture and technology solutions, to help their customers create a workplace that builds business, reflects their brand and supports their culture.

“With every new member who joins, our organization becomes stronger,” says Tobey Van Wormer, executive director of the NACDB. “Each brings a unique perspective that helps the NACDB evolve with the industry. We are committed to offering our members an open platform of communication to congregations around the country.”

All members and associate members of the NACDB are among a select group of church designers, construction experts, service suppliers, and material suppliers who contribute their knowledge and learn from to better serve their clients. Members align with the NACDB so that they can offer clients the most innovative options in church construction.

More information about the NACDB is available at www.nacdb.com or by calling (866) 416-2232.
